Student Affairs:
Dr. Hawes reported that the College had a successful opening and Move-In Day. He is in contact everyday with the Director of Campus Safety regarding safety issues. The College has been challenged with off campus housing, and we have to get involved with discussions now. The earliest that the College could be open for additional on campus housing would be Fall of 2012. We will continue to work with landlords in the community. Overall, there has been a positive start to the new school year.

The Counseling Center sponsored a sexual assault lecture and a Part-Time Job Fair this month.

Dr. Hawes reported that the Center for Global Learning is open. International programs are in there, and offices will be moving in within the next two to three weeks. There will be a formal ribbon cutting sometime in late October.

Dr. Hawes introduced Resolution 10-01: Out of County Student GPA & GED Admissions Requirement. Resolution No. 08-18 established a minimum GPA for out of county students of at least 65. After careful investigation of the outcome data from the implementation of the resolution, it is recommended that the minimum high school GPA be raised to 68. By placing a minimum high school GPA of at least 68 or above for all out of county applicants and a GED score of 2400 and above, this initiative will continue to improve the academic success, retention, and graduation rates of our students. All out of county students who fall below these scores will not be admitted to HCCC. Alternatives to this admission requirement include: 1) scoring 500 or more on each of the English and Math section of the SAT; 2) scoring a 21 or higher composite score on the ACT; 3) transferring to HCCC with six or more college credits with a 2.0 GPA or higher.

The establishment of fund balance reserves in anticipation of future need is a standard practice in fund balance accounting. The college administration discussed with the Board of Trustees at its regular meeting held on September 16, 2010, the need to establish a fund balance reserve for the Capital Project Reserve. By creating this reserve, this will give the college the proper fiscal planning to address upcoming capital projects.
