**CORRESPONDENCE**
Notes of appreciation from the Polley family and from Jennifer Balog of the American Red Cross, and correspondence from Ms. Jayne Ritz were presented to the Board. Dr. Murray reported on the March 13th crisis, a very dangerous situation involving an active shooter in the Village of Herkimer. Dr. Murray commended the staff for stepping up. A Command Center was established by 10 a.m., and communication with law enforcement was started. Some students were displaced because of the location of the shooter, and alternate housing and a meal were provided to them that night. The emergency procedures had been updated in 2010, and the “active shooter protocol” was in place. The College also worked collaboratively with the American Red Cross. Dr. Hawes commended Tim Rogers for his quick responses.

Dr. Murray informed the Board that the next meeting is the annual meeting. The board was asked to review the bylaws and to let Shari Hunt know of any changes prior to this meeting.

Trustees were asked to review the Board of Trustees Self-Assessment and to submit them to the President’s Office. A report on the outcomes will be given once all surveys are received.

Dr. Murray informed the Board that a resolution to limit tobacco use in certain areas was received from the Academic Senate. This resolution, in conjunction with the one from the Student Government Association, will be vetted and a final recommendation brought to the next board meeting.
policies need to have fines for any violations in order to enforce the policy.

The Governor’s budget includes an increase in aid for FTE and has passed the Senate and Assembly. Other language requires campuses to implement a GAP (Graduation and Accelerated Program) approach towards remediation modeled after CUNY and a requirement to tie funding of A.A.S. programs to employment outcomes. This will present unique challenges to HCCC due to the large number of students from out of our county.

**COMMITTEE REPORTS**

**Finance, Facilities and Audit:**

Mr. Laino reported that the audit will be coming out next month. He was pleased to report that there were no findings in the report. Regarding the fiscal situation, enrollment held strong up to the winter, then dropped just under 5% in the spring. The goal is to live within the budget we now have, based upon the adjusted revenues.

The Valley Health Services partnership has not come to an agreement with the County. A meeting with the Foundation regarding their property is being considered.

**Personnel:**

*Ms. Clark presented Resolution 12-14: Four-Day Work Week – Summer 2013.* For the past several years, the College Administration, in cooperation with the CSEA Union, HCCC Professional Association and the Board of Trustees has implemented a four-day work week program during the summer months of operation. The goal of the program is to achieve cost savings through decreased facility utilization; lower energy consumption; and focus the use of accrued leave to days when the College is closed. The program has also proved to be a good method for controlling the utilization of employee’s accrued time. The 2013 Four-Day Work Week schedule will begin the week of July 1, 2013 and end on Friday, July 26, 2013 for a total of four Fridays.

Mr. Laino reported that the Professional Association has signed their MOU, but CSEA has some minor changes to the wording in their MOU before being presented. Mr. Laino recommended to the Chair of the Personnel Committee of the Board of Trustees to approve the resolution pending the signed MOU with CSEA.

Mr. Testa made a motion to approve Resolution 12-14, pending approval of a signed MOU by CSEA. If disapproved by CSEA, the motion will be rectified at the April board meeting. Mr. Brenchley seconded the motion. Vote-8 in favor, 1 opposed. Motion carried.

The board approved moving the remaining Personnel agenda items to the end of the meeting.

- The Academic Advisement Center has added an additional position, Advisement Center Specialist. The need for this position was addressed in various surveys from students, faculty and staff.

Mr. Oriolo presented Resolution 12-13: Proposal to Deactivate International Business Program. This academic program has shown serious decline in enrollment over the past several years. The deactivation status allows the institution to maintain the program officially on the registration for possible offering in the future.
