The VFA is the principle accountability framework for community colleges with measures defined to encompass the full breadth of the community college mission and the diversity of students' goals and educational experiences. The mission-appropriate measures determine how well community colleges are serving students; provide colleges the ability to identify problems and set goals for institutional improvement; and be properly accountable to stakeholders.

What's in the Six-Year Outcomes Report

- Six-Year Outcomes Measures

  The Six-Year Outcomes provide a view of the outcomes of all students in the cohort by the end of six years. These outcomes are unduplicated – students are only represented once – and hierarchical – displaying the highest attainment of the student at the reporting college by the end of six years.

  • Earned Credential
    • Bachelor's degree (if applicable)
    • Associate degree (with or without transfer)
    • Certificate (with or without transfer)

  • Transfer (no award)

  • Persistence: still enrolled in sixth academic year

  • Left
    • Earned 30 or more credits
    • Earned less than 30 credits

Cohort Types

A. Main Cohort: fall entering, first time
   at reporting college; “all students”

B. Credential Seeking: earned 12 credits by end of year two

C. First Time in College: fall entering, first time in college

*Students could be in more than one cohort type.

Six-Year Outcomes Measures

These measures report nine potential outcomes for the students in the cohort ranging from receipt of a credential (with and without transfer) to left the college.

Each student in the cohort is counted in only one of the Six-Year Outcomes and the sum of all of the outcomes will total 100% of the cohort.

- Unduplicated
- Hierarchical
- Achieved by the end of six years
- Credentials earned at the reporting college
