

52nd Annual *Commencement*

May 15, 2020
Herkimer County Community College
Herkimer, NY

The Presidential Medallion

The medallion worn by the President at commencement and official occasions is an emblem of office and symbol of the authority vested in him/her as the President.

The face of the medallion bears Herkimer County Community College's corporate seal. In 1967, Herkimer College's first President, Robert McLaughlin, sponsored a contest among Herkimer County high school students to create a college seal. The winning design concept, submitted by Marie Johnson of Frankfort, was completed

and executed by Bronson Quackenbush. His finished design was put on a brass plate by Casimer Rakowski of SUNY Farmingdale, hung from a green and white ribbon, and worn for the first few years until the current medallion was made.

Today's medallion bears the seal with the words "Herkimer County Community College" in green lettering on a gold background in a circular design. The center of the seal reads "State University of New York" around the edges of a triangular

shape. Inside the triangle is a drawing of General Herkimer, representing the College's location. The upper right hand corner bears an open book with a quill, representing learning and knowledge, in front of a world globe. The date on the seal, 1966, is the year Herkimer County Community College was founded. The medallion hangs from a chain of office, with the names of all those who have served as Herkimer County Community College's president engraved on the links. It serves as a tribute to them.

AMERICAN UNIVERSITIES AND COLLEGES, Sixteenth Edition.
New York: Walter deGruyter, Inc., 2001.

Gowns recommended for use in the colleges and universities of this country have the following characteristics. The gown for the bachelor's degree has pointed sleeves. It is designed to be worn closed. The gown for the master's degree has an oblong sleeve, open at the wrist, like the others. The sleeve base hangs down in the traditional manner. The rear part of its oblong shape is square cut and the front part has an arc cut away. The gown is so designed and supplied with fasteners that it may be worn open or closed. The gown for the doctor's degree has bell-shaped sleeves. It is so designed and supplied with fasteners that it may be worn open or closed. As a means of adaptation to climate, the material of the gowns may vary from very light to very heavy provided that the material, color, and pattern follow the prescribed rules.

Gowns for the bachelor's or master's degrees are untrimmed. For the doctor's degree, the gown is faced down the front with black velvet; three bars of velvet are used across the sleeves. These facings and crossbars may be of velvet of the color distinctive of the disciplines to which the degree pertains, thus agreeing in color with the binding or edging of the hood appropriate to the particular doctor's degree in every instance.

The length of the hood worn for the bachelor's degree must be three feet, for the master's degree three and one-half feet, and for the doctor's degree, four feet. The hood worn for the doctor's degree only shall have panels at the sides. The hoods are to be lined with the official color or colors of the college or university conferring the degree; more than one color is shown by division of the field color in a variety of ways,

chevron or chevrons, equal division, etc. Mortarboards are generally recommended. A long tassel is to be fastened to the middle point of the top of the cap only and to lie as it will thereon. The tassel should be black or the color appropriate to the subject, with the exception of the doctor's cap that may have a tassel of gold.

Only members of the governing body of a college or university, whatever their degrees, are entitled to wear doctor's gowns (with black velvet), but their hoods may be only those of degrees actually held by the wearers or those especially prescribed for them by the institution.

Members of religious orders may suitably wear their customary habits. The same principle applies to persons wearing military uniforms or clad in special attire required by a civil office.

The Ceremonial Mace

One of the oldest symbols of authority, the earliest ceremonial maces were actually practical weapons intended to protect the King's person, borne by a royal bodyguard. Later, cities and parliaments adopted their use. Heads of medieval universities also followed suit, and today, a university's mace is carried before the president or chancellor and platform-party dignitaries during commencement and inaugural and other academic ceremonial processions. The mace serves its vital role as the object vested with the power of the institution.

A gift to the institution from President Cathleen C. McColgin and her husband Robert McColgin, in recognition of Herkimer County Community College's 50th anniversary, the hand-made custom mace honors and represents the authority of the College. The College's 49th Commencement on May 19, 2017 was the first academic ceremony at which the mace was carried. Herkimer College's mace is crafted from American black cherry wood harvested from the campus property near the nature trail. Designed and crafted by George and Theresa Olsen of Richmondville, NY, the

mace features the official college seal, cast in bronze, on each of the four sides. A cage-type finial showcases a beautiful Herkimer Diamond, a double-terminated quartz crystal found in Herkimer, New York and donated by Gems Along the Mohawk.

The macebearer is selected from the faculty by his or her peers to lead the procession and represents the Professional Association on the dais. This year's macebearer is Associate Professor of Computer Science Randolph Baker.
