• • • • • Good Samaritan Policy • • • • •

Students who seek medical assistance in an Alcohol and/or substance-abuse-related emergency should not be concerned with the potential disciplinary consequences for themselves and for the person in need of assistance.

Because the safety and security of Herkimer College students is a priority, the College has instituted a medical amnesty policy; also known as the **Good Samaritan Policy**.

This policy is applicable to the following parties:

- **Student requesting medical assistance for oneself;**
- **Student requesting medical assistance for another person;**
- **Student for whom medical assistance was provided.**

When responding to such AOD (alcohol or other drug) violations, the College will consider the student's decision to request medical assistance as an act of good judgment, therefore not deserving of the typical range of AOD sanctions. Thus, if it is determined that the Good Samaritan Policy applies to a situation, the student(s) involved will not be subject to a violation of the AOD Policy.

This policy does not protect students who repeatedly violate college policies. Once a student receives medical amnesty, future amnesty is at the discretion of the Chief Student Affairs Officer. The Chief Student Affairs Officer also has discretion to determine that this policy does not apply in more serious situations including: criminal possession of drugs, property damage, violence, etc.
