

Herkimer County Community College Board Policy

TITLE: Amendments to the College Operating Budget

POLICY #: FA 02-03

DATE OF BOARD OF TRUSTEES APPROVAL: November 21, 2002

RESOLUTION #: 02-03

POLICY STATEMENT:

Since state aid revenues are based on actual enrollment and total operating expenditures, it is the policy of the Board of Trustees to make a final amendment, if necessary, to the budget after the annual audit report is finalized.

BACKGROUND:

The College Administration shall provide monthly budget status reports to the trustees, and on or before April 15 of each fiscal year, shall provide a budget update reflecting the projection of total revenues and expenditures through the end of the fiscal year.

Section 602.9 of the Education Law states that the Board of Trustees may increase the total College Operating Budget with the approval of the local sponsor and the State University Trustees.
