### STUDENT LOAN TERMINOLOGY

#### Promissory Note

The binding legal document you sign when you get a student loan. It lists the conditions under which you are borrowing and the terms under which you agree to pay back the loan. It will include information about your interest rate and about deferment and cancellation provisions.

#### Subsidized

The government pays the interest which accrues on a borrower's loan while the borrower is in school, grace, or authorized periods of deferment.

#### Unsubsidized

The borrower is fully responsible for paying the interest that accrues on the loan. Interest on an Unsubsidized Loan accrues from the date of disbursement and continues throughout the life of the loan.

#### William D. Ford Federal Direct Loan Program

Also referred to as the Direct Loan Program, is a federal program that provides loans to student and parent borrowers directly through the U.S. Department of Education. The loans are Federal Direct Subsidized Loans, Federal Direct Unsubsidized Loans, Federal Direct PLUS Loans, and Federal Direct Consolidation Loans.

#### \*\*Subsidized Usage Limitations Allocation – SULA

Federal regulations limit a borrower's eligibility for Federal Direct Subsidized Loans to a period not to exceed 150 percent of the length of the student's educational program. Generally speaking, for a two year Associate program, a student may only receive three years of Federal Direct Subsidized Loans as a full time student.
