Advanced Searching

Click Advanced Search located to the right of the search bar.

Use the words AND, OR and NOT to narrow your search.

Example:
Psychology AND/OR/NOT Adolescents

Using AND will limit the search to items that mention both psychology and adolescents.
Using OR will widen your search to items that mention either psychology or adolescents.
Using NOT will eliminate results to items the refer to psychology but do not mention adolescents.

Other advanced search options include searching by material type, language and publication date.
